Tips: It's best to listen to all the candies in order. If you've gone through the box once, Alexa will probably ask if you want to hear an "older" candy from an older box. If that works for you, say yes. If you'd rather listen to the candies from Assortment 12 again, say "Show me candy number one." Each time she tries to offer you an older candy, say "Show me candy number two" and so on. (We'll find a better way to make this work!).

Thanks for Listening!
